

YOU'VE GOT TO BE KIDDING

April 1, 2007 • A Hidden Fortress • 1:30 PM
\$1.00 Entry Fee • Prizes for All Participants

You've worked hard to build the best **Anachronism** decks you can. Now try your hand at building the *worst* stable you can! On **April Fool's Day**, bring the weakest 3-of-5 stable you can come up with—but *you must include five cards of each card type*. Here's the catch: at the beginning of each tournament match, you'll exchange stables with your opponent ... so build a stable to which you can't possibly lose! Of course your opponents will be doing the same, so let's see who can build the worst stable of all!
